

Horizon

From Peugeot and Allied Mobility

Horizon from Peugeot and Allied Mobility

Allied MobilityTM
Driving for Perfection

Unique new FlexiFold™ ramp

Remote controlled electric winch system (free bonus option)

Radio/CD Player

Full original Peugeot rear passenger seating as standard

Available exclusively from Allied Mobility, New Peugeot Horizon is ideal for able-bodied and wheelchair passengers alike, offering fantastic space and optimum accessibility.

Based on the Peugeot Partner Tepee, the stylish New Horizon offers affordable handling and maximum comfort for drivers and passengers. Your Horizon also features the new and exclusive lightweight FlexiFold™ wheelchair ramp. Cleverly designed, FlexiFold™ has a low ramp gradient and lowered

floor, making wheelchair entry and exit easy and hassle free. The short ramp also makes parking the Horizon a breeze with less space needed to unfold the ramp. Uniquely, the versatile FlexiFold™ ramp can also fold flat to the vehicle floor when the wheelchair passenger space is not in use, creating valuable added storage space for shopping trips and other bulky items.

Safety and Accessibility

For those in need of extra assistance, an electric winch can be included with your Horizon. The remote controlled electric winch simply hooks onto the front frame of the wheelchair. The hand-held remote is then used to help in pulling the wheelchair and passenger up or safely releasing them down the ramp.

Once inside the Horizon, the wheelchair passenger feels safe as their wheelchair is secured to the vehicle floor using the high quality, four point wheelchair restraints. The wheelchair passenger, like other passengers, has complete peace of mind with full lap and diagonal seatbelts. These have been fully tested to Motability standards.

New Horizon equipment includes:

- Radio/CD player
- Reach adjustable steering wheel
- Electric front windows
- Power steering
- Stowing shelf above windscreen
- Follow-me-home headlamp function

Wheelchair accessible features:

- Unique lightweight FlexiFold™ ramp with low ramp gradient
- Lowered floor for optimum accessibility
- High quality wheelchair restraint system
- Lap and diagonal seatbelts for seated and wheelchair passengers
- Remote controlled electric winch system (free option on Motability Scheme)
- Full rear passenger seating as standard
- Alternative rear seating options available
