**Volkswagen Vista™, available exclusively from Allied Mobility, combines a taste of luxury, superb style and first-class accessibility.**

Based on the Volkswagen Caddy Maxi Life, **Vista™** is a versatile multi-passenger vehicle which can accommodate driver, wheelchair passenger and up to four seated passengers. Spacious and stylish, **Vista™** is the perfect option if you're looking for extra room and exceptional quality.

The wheelchair ramp is light and easy to use. With a range of seating layouts and a choice of manual or automatic transmission, **Vista™** comes with the high specification you'd expect from Volkswagen.

## VISTA™

1. Sleek & modern design
2. Lightweight ramp
3. Range of seating layouts
4. 16" alloy wheels

## ACCESS & SAFETY

**Accessibility is Vista's™ priority. The specially lowered floor ensures the lightweight ramp has a low, easy gradient. It's also covered with slip resistant material and is a breeze to clean.**

Built with convenience in mind, **Vista™ RS** second-row rear seats can remain in place while the wheelchair passenger travels in the third row.

**Vista™ RE** is ideal if you need additional legroom in front of the wheelchair user, as the wheelchair is positioned in the middle of the vehicle. With the option to add one or two slim seats in the rear, the RE can be tailored to suit many different shapes and sizes of wheelchair. If a more compact vehicle is preferred, the short wheelbase **Vista™ RE** model is a great choice, where the long wheelbase RE maximises the space available to the wheelchair user due to its increased length and wider seating positions.

Wheelchair users benefit from the security of class-leading front and rear wheelchair restraints, suitable for wheelchairs up to 200kg. There's also a dedicated wheelchair passenger seat belt.

## ACCESS & SAFETY

1. Wheelchair travelling position
2. Electric assist winch
