DISCOVER VISTA™

Volkswagen Vista™, available exclusively from Allied Mobility, combines a taste of luxury with superb style and first-class accessibility.

Based on the Volkswagen Caddy Maxi Life, **Vista™** is a versatile multi-passenger vehicle which can accommodate driver, wheelchair passenger and up to four seated passengers. Spacious and stylish, **Vista™** is the perfect option if you're looking for extra room and exceptional quality.

The wheelchair ramp is light and easy to use. With a range of seating layouts and the choice of a petrol or diesel powertrain, **Vista™** comes with the high specification you'd expect from Volkswagen.

1. Sleek & modern design
2. Foldable flat ramp option*
3. Space for driver, up to four seated passengers and wheelchair user
4. 16" alloy wheels

ACCESS, SAFETY & SEATING

Accessibility is Vista's™ priority. The specially lowered floor ensures the lightweight ramp has a low, easy gradient. It's also covered with slip resistant material and is a breeze to clean.

The RSX model retains Volkswagen seating, with the wheelchair user travelling behind.

If the wheelchair user requires additional legroom, **Vista™ RE** is the ideal option as the wheelchair is positioned in the middle of the vehicle. With the option to add one or two slim seats in the rear, the RE can be tailored to suit a variety of wheelchairs, big and small. If a more compact vehicle is preferred, the short wheelbase **Vista™ RE** model is a great choice, whereas the long wheelbase RE maximises the space available to the wheelchair user due to its increased length and wider seating positions.

Once inside the vehicle, the wheelchair user is secured by class-leading front and rear wheelchair restraints and a dedicated wheelchair passenger seat belt.

YOUR HOME DEMONSTRATION

Finding the right wheelchair accessible vehicle to suit your needs is very important. To ensure you're able to choose the best option for you and your family we always provide a free home demonstration.

Your local mobility consultant will bring the model that interests you the most to your home, at a time that suits you. It's important that you and anyone you regularly travel with are there on the day.

Your mobility consultant will thoroughly demonstrate how to use the accessibility features of the vehicle and answer any questions you may have. Hopefully you'll find you've made the right choice, first time. If not, don't worry - we're happy to come back with a different model for you to try, to be sure you end up with the vehicle which best suits you.

HELP & ADVICE

As an Allied Mobility customer, you will benefit from our unique Allied Aftercare™ programme which includes help and support from our expert mobility advisors throughout your WAVs lifetime, plus access to a nationwide network of Volkswagen dealers.

If you're a Motability Scheme customer, you will also benefit from an annual safety inspection of the wheelchair accessible vehicle components of your vehicle. For your convenience, this is carried out at your residence at a time that suits you.

Should you have any queries before or after ordering your wheelchair accessible vehicle, contact our mobility advisors at any time for expert advice and information.
