AUTOGRAPH™

Introducing Renault **Autograph™**, the latest medium-large wheelchair accessible vehicle (WAV) in Allied Mobility's vehicle range.

Autograph™ is great for wheelchair users who have a bigger wheelchair or powerchair and require additional passenger seating, making it the perfect mobility car for families or small groups.

Based on the Renault Trafic, **Autograph™** comes with a modern front grille, alloy wheels and an 8" touchscreen providing entertainment and information at the driver's fingertips. That combined with a host of wheelchair safety features, including a four-point restraint system to secure your wheelchair and a low-gradient wheelchair ramp, makes **Autograph™** the go-to if you're looking for a modern and accessible WAV.
